### Strawberry Rhubarb

Yield: 12

1. Preheat oven to 350°F. In a large bowl, combine the flour, sugar, baking powder, and salt. In another bowl, whisk together the eggs, milk, and oil. Add the wet ingredients to the dry ingredients and mix until just combined. Stir in the strawberries and rhubarb.

2. Pour the batter into a greased 9x13 inch pan. Bake for 30-35 minutes, or until a toothpick inserted into the center comes out clean. Let cool for 10 minutes before serving.

3. For the glaze, combine the strawberries, rhubarb, and sugar in a small saucepan. Cook over medium heat for 10 minutes, until the fruit is softened. Mash the fruit with a fork and mix in the flour. Cook for another 5 minutes, until the glaze has thickened. Pour the glaze over the cooled cake.

*Note: Use half strawberries, half rhubarb. If you do not have fresh*
