## Institutional Animal Care and Use Committee

The UAF Institutional Animal Care and Use Committee shall evaluate all aspects of this program during its biannual review of the UAF Institutional Animal Care program. This review includes evaluation of the forms and procedures associated with the implementation of this policy.

The Office of Research Integrity

will establish and maintain an OHSF for animal care workers and others who have substantial animal contact;

2. If a person is not a member of the OHSF, it is necessary to implement this policy with consultation with the person's supervisor, the university's occupational health care provider;

3. provide information and training for university members regarding health and safety issues associated with the use of animals;

4. administer the OHSF, including authorization of occupational health services by the university's contract with care provider; and

5. monitor the standards, regulations and compliance among university members.
