

...napped potential to play a major role in bringing together the communities across ecological regions. The knowledge, moral courage and creative potential have a timeless value. No doubt, modern medicine, technology, and experience, UAF must be a harbinger of cultural change for our communities, here at home, here in Alaska, and here in the world. The objective is to meet the capacity needs of our people by providing them with knowledge and understanding, building local empowerment, and becoming bona fide partners and change agents.

2

We reside upon the lands of Indigenous nations. We have a responsibility to learn about, acknowledge and uplift Indigenous knowledge, history, culture and peoples as we seek to heal relations and honor Indigenous nations. At UAF, we are committed to being a global leader in Alaska Native and

There is an inherent entrepreneurial spirit in all of us as we pursue answers to the major challenges of today's society to build the Alaska and Arctic of tomorrow. In driving Alaska's innovation economy and being a leadership voice for Arctic innovation and entrepreneurship, UAF will produce graduates with an entrepreneurial mindset and skilled in the processes to bring research to commercialization and
