1. Course description:

GEOS 482/682 Geoscience Seminar, 1 credit, Fall 2015
Seminar time: Friday, 3:30–4:30
Seminar location: 201 Reichardt
Grading format: Pass/Fail
Course webpage: <http://www.gis.eis.alaska.edu/inout/car1/teaching/GCseminar.html>

- to familiarize students with research being done at UAF (and outside)
- to develop skills for preparing for scientific seminars
- to develop skills for assessing scientific seminars
- to participate in scientific discussion with peers and faculty

instructions and information.

- Journal articles or other materials assigned as reading will be available as PDFs through the

handouts. A passing score for the handout requires addressing the three questions (see above) with

1

critical thought and clear writing.
