The communication function can be used to support the university's mission and values by:

- Promoting the university's mission and values through various channels such as social media, news releases, and public events.
- Providing accurate and timely information to stakeholders about the university's operations, research, and achievements.
- Creating positive relationships with the community and other organizations through effective communication.
- Supporting the university's strategic goals by communicating them effectively to all members of the university community.

2. Communication & Marketing

The communication & marketing department is responsible for:

- Developing and implementing marketing strategies to promote the university's programs and services.
- Managing the university's social media accounts and other digital marketing efforts.
- Creating and distributing promotional materials such as brochures, newsletters, and website content.
- Organizing events such as open houses, admissions fairs, and campus tours to attract prospective students and faculty.
- Working with the university's academic departments to develop and promote their programs.

the practices implemented every year, including a
